SBUG MEETING

MONDAY, JULY 13TH, 7:15 P.M.

CONTENTS

PAGE

- 4 FINANCIAL REPORT by the Treasurer
- 5 A SPECIAL "THANK YOU"... by Henry Schulze

LOOK AND PAY ATTENTION!

Our next SBUG Meeting will be held at the Saratoga Library. The address is 13650 Saratoga Avenue, Saratoga, CA.

DATE: MONDAY, JULY 13th

TIME: 7:15 P.M.

The August meeting will also be on a MONDAY, the 17th. In September we will be back to our SECOND TUESDAY night. The date is September 8th. So make a note of these dates and we hope to see you all at these meetings.

PROGRAM FOR JULY

There is a scheduled demonstration of the FRAMEWORK II package, plus, time permitting, also a demo on an integrated package called OPEN ACCESS. It should be quite informative.

MEMBERSHIP INFORMATION

If you wish to become a member of SBUG and start receiving our newsletter DYNAMIC MEMORIES then send a \$20 check or money order to the following address:

SOUTH BAY USERS GROUP
P.O. BOX 60116
Sunnyvale, CA 94088

Or come to one of our meetings. We also perpetrate a bulletin board to which you will have access as a member of SBUG.

SBUG STEERING COMMITTEE

TITLE	NAME	USER NAME	PHONE
Chairman:	Chris Oman	OMAN	(408) 985-9460
Treasurer:	Henry Schulze	HENRY	(408) 866-5731
Newsletter Editor	Joel Lee	EDITOR	(408) 926-3999
Librarians (Disk)	Bernie Thompson	BERNIE	(408) 867-7455

OTHER KEY INDIVIDUALS

Cover designer: Wright Huntley

Host computer: SBUG ALL (408) 249-8259

If the need arises, feel free to give anyone of us a call.

=====

THE TEMPORARY EDITORS REMARKS

In case you are wondering — and haven't heard — our regular illustrious editor, Joel, had to leave on an urgent trip to save the apartment empire in Mississippi for his regular employer. We wish him a successful journey and are anxiously awaiting his return. In the meantime, a troika, composed of Chris Oman, Bernie Thompson and yours truly, Henry Schulze, will try to fill in. Since we are not as experienced as Joel, of course, we will only publish a "minimum" newsletter until Joel is ready and able to continue with his expertise. We hope you will understand. We are sorry if you are disappointed and hope this will not deter you from attending our meetings.

SBUG Financial Statement

June 20, 1987

Receipts:	June	Y-T-Date	% Used	Budget
Members dues	40.00	330.00	33.00%	1000.00

Net Receipts	61.62	53.07	72.70%	73.00
Ending Balance	367.38	367.38	94.85%	387.31

A SPECIAL "THANK YOU" TO SOME "SPECIAL" MEMBERS

As those of you who attend the meetings regularly know, one of our long-time and most active members has moved to Alaska. For those of you, who don't, his name is Gerry McKee. Gerry has been active in club activities ever since its inception and has been giving freely not only of his time, but also of valuable advice and technical assistance. Since he was and still is concerned about the welfare of our club, he generously donated some of his computer equipment to the club. He gave us permission to sell it and use the proceeds to bolster our shrinking treasury.

Several members volunteered to store the equipment until it can be sold. This, of course, also has to be appreciated by the rest of the membership. That only left out the other necessary ingredient — someone to actually sell some of this equipment. Well, again our club is very fortunate to have another long-time, dedicated member to take up this task. Non other than our disk librarian, Bernie Thompson.

He selflessly used one Saturday to take some of the items and to sell them at Ace Electronics, where they had a parking lot sale. Well, he was successful and gave the proceeds of \$92.00 to the club treasury.

Thanks, Bernie for your time and effort. And, of course, thanks to Gerry for donating the items. Last, but not least, also thanks to all the people who volunteered to store any of the things until the can be sold or otherwise be disposed.

Since the editor is away, I thought I'd take the opportunity to present a short technical note which was provided by Logical Systems to make the SYSTEM files locate around the directory of double sided disks. This should work for LDOS 5.1.X, TRSDOS 6.X and was used on LS-DOS 6.3 for converting the single sided system supplied, to a double sided system optimized.

Format your double sided giving it the name of your choice in drive #1. Then enter each of the following commands and press the ENTER key when properly typed:

```
MEMORY (A="A",B=17)
```

```
BACKUP /SYS:0 :1 (S)
```

```
BACKUP -/SYS:0 :1 (I)
```

The first backup puts only the /SYS files surrounding the directory. This may be checked by the command FREE :1. The second backup adds the visible and invisible files to the inner tracks of the disk. The command FREE :1 again will show this result.

If you have any problem, mention it at the club meeting, or contact me by phone sometime. Original disks of 6.3 had a problem with DISKCOPY/CMD program when used with unformatted double sided disks. If you have not received the patch, please contact Logical Systems as they said they would issue it to all registered owners, but I have not received it except over the telephone so far.

After completing the disk creation in drive #1, put it in drive #0 and press the reset button. Enter a new time or just press the ENTER key and you have the double sided system.

Should you have more than 2 drives in your system and want to make all 4 available without a configuration file or the enable command, change the two locations of C9 on sector 2 of the disk to C3 at location 84 and 8E. Don't change any other C9's which appear on that sector (eg: 98 A2 etc). Happy computing. B. Thompson

This page is blank in hopes that
someone may wish to volunteer
to help fill it next month with an
article or as an editor.
